

Permasolid® Low VOC Clear Coat 8096

The productive and versatile solution for shining results.

Spies Hecker – simply closer.

Permasolid® Low VOC Clear Coat 8096

Fast, reliable clear coat that gives you complete control.

Permasolid® Low VOC Clear Coat 8096 is a high-gloss, low-VOC finish from our “2K-Acryl-System.” This easy-to-apply clear coat is designed to deliver excellent results over solventborne and waterborne base coats. It can be sprayed in a 1½-coat process or in 2 coats, giving you complete control.

Exceptional Quality

- Exceptional gloss for outstanding performance
- Excellent vertical stability improves results
- Long-lasting durability

Fast, Easy Application

- Spraying is fast and reliable—choose either a 1½ continuous application process or a 2-coat process
- Quick to harden, easy to polish
- Savings add up—less material is used, less heat is required and less time is spent in the spray booth

Environmentally Compliant

- Low VOC emission—2.1 lbs/gal (250 g/L)

For further information on application, refer to our **Technical Data Sheet**.
